

LOGO DESIGN COMPETITION

THEME

China Sri Lanka Joint Research and Demonstration Centre for Water Technology (JRDC) is the main output of the grant received from China to Sri Lanka. The prime objective of the grant is to strengthen the long friendship between two countries. The main partners of JRDC are Ministry of Water Supply, University of Peradeniya and Chinese Academy of Sciences (CAS), China. JRDC will help the government of Sri Lanka to solve the water related environmental and health issues.

Prize

Winner	Rs. 40,000
First runner up	Rs. 20,000
Second runner up	Rs. 15,000

Guidelines for the Logo Competition

- The logo should be designed with Two/Three colour essence where it is intended to use the logo in the letterheads, business cards and the website of JRDC both in B&W and colour.
- The logo should also be compatible to be used as a black or completely white logo.
- The contest is open to school and university students on an individual basis. The contestants can submit multiple entries. Each submission must be sent in a separate email to chinasrilankargp17@gmail.com unless the same design varies by colour.
- The logo must be the original work of the submitter and shall/must be submitted in any of the following formats: .JPG, .PNG, or .PDF and the source file of the logo design (.AI or .PSD) must be attached with the design. The contestant can also submit hand sketches. Each submission shall be submitted with a note on the conceptual thinking of the logo along with a written self-confirmation as an original product.
